EISTEDDFOD

Congratulations to **Chloé Robertson**, who won the KZN Singing Eisteddfod, with an A++ in both of her categories. She will be performing at St Mary's on the 28th July at the Prize Giving Ceremony. Well done on this incredible achievement, Chloé!

THE COMMON GOOD MUST BE A PRIMARY GOAL

The grave environmental crisis facing our world demands an even greater sensitivity to the relationship between human beings and nature. We have a responsibility to pass on the beauty of nature in its integrity to future generations and an obligation to exercise a just stewardship of the gifts we have received...

In effect, there is a clear link between the protection of nature and the building of a just and equitable social order. There can be no renewal of our relationship with nature, without a renewal of humanity itself (cf. *Laudato Si'*, 118).

To the extent that our societies experience divisions, whether ethnic, religious or economic, all men and women of good will are called to work for reconciliation and peace, forgiveness and healing. In the work of building a sound democratic order, strengthening cohesion and integration, tolerance and respect for others, the pursuit of the common good must be a primary goal.
